

CS 576 Computer Networks and Distributed Systems Homework Chaps 5 - 6

From your text book starting on page 465 answer the following questions:
Chapter 5: Problems 9, 12.

From your text book starting on page 564 answer the following questions:
Chapter 6: Problem 7

Total 2.5 points for 3 questions, 0.8 point for each question in Chap5, and 0.9 point for the question in Chap6.

Your answers must be neatly presented (typed or handwritten) and easy to follow in order to receive full credit. Long rambling answers that do not make a point will be graded very poorly.

The checked questions have answers in the back of the text. This should help you lay out your answers to many of the questions.
